

BioDrive®

Biotics Research Corporation is proud to introduce three new and exciting women's formulas, **BioDrive®**, **BioPause-AM®** and **BioPause-PM®**. This trio of formulas was developed with the kind assistance of Michelle Pouliot, ND.

BioDrive® is a proprietary herbal blend, containing *Rhodiola rosea* extract for adrenal support, *Turnera diffusa*, an ancient aphrodisiac, *Urtica dioica* extract, an aid to limiting SHBG (sex hormone binding globulins), and *Ginkgo biloba* and *Panax quinquefolius* for increased circulation to the extremities, including the sex organs.

In an evaluation using **BioDrive®** 12 of 17 women (71%) who responded to a survey reported they had a greater interest in sex. Of the twelve positive survey responders, ten said they were more easily aroused, eleven indicated more pleasure with sex, eight reported an improved ability in achieving an orgasm, and five reported increased intensity of orgasm. Some patients on SSRI's, which have a known effect on libido, have found **BioDrive®** to be very helpful.

Bio-Drive® is available in 120-count bottles (#7864).

Supplement Facts

Serving Size: 2 Capsules
Servings Per Container: 60

	Amount Per Serving	% Daily Value
Proprietary Blend	800 mg

BioPause-AM® & BioPause-PM®

In an evaluation using both **BioPause-AM®** and **BioPause-PM®**, 11 of 12 women (90%) who responded to a survey reported a reduction in menopausal symptoms. 82% of the positive respondents said they had a reduction in hot flashes, 91% had a reduction of night sweats, 100% had improved quality of sleep, 73% had improved energy level, 82% had improved mood, 64% had improved memory, 55% had a greater sex drive, and 64% had less joint and muscle aches and stiffness.

BioPause-AM® is a proprietary herbal blend, containing *Cimicifuga racemosa*, *Rhodiola rosea*, *Leonorus cardiaca* and *Vitex agnus-castus*.

Cimicifuga racemosa, root, also known as Black Cohosh, is very effective in decreasing hot flashes and night sweats. *Rhodiola rosea* is an adaptogen that helps support normal adrenal function. *Leonorus cardiaca* also known as Motherwort, has long been used for palpitations associated with hot flashes. *Vitex agnus-castus* also known as Chasteberry, is calming and helps support menstrual regularity. *Vitex* is appropriate for women still menstruating but having hot flashes, since it has a calming effect.

BioPause-AM® is best taken prior to 2 p.m.. 2 capsules early morning are recommended. It should be taken consistently for 8 weeks for maximum results.

BioPause-AM® is available in 120-count bottles (#7862).

Product # 7862 Rev. 11/13

BioPause-PM® is a proprietary herbal blend, containing Magnesium (as glycinate), *Cimicifuga racemosa* root also known as Black Cohosh, *Passiflora incarnata* (flower) also known as Passionflower, and *Melissa officinalis* (leaf) also known as Lemon Balm.

Magnesium glycinate helps with sleep and relaxation. *Cimicifuga racemosa* root (Black Cohosh), has beneficial effects as mentioned above, while *Passiflora incarnata* (flower) and *Melissa officinalis* (leaf), both provide a calming effect on the nervous system. Many women are anxious and wired at the end of the day and have trouble sleeping. This combination of herbs helps calm the nervous system and helps with night sweats. **BioPause-PM®** recommended dosage is 2 capsules before bedtime.

BioPause-PM® is available in 120-count bottles (#7860).
